

'Dear Team & Intercessors

I would like to thank you all for the support and hard work that you have put into Sundays mission.

I believe that God's hand was upon the whole event because of the number of answers to prayer which were evident in the lead up to the 1st June. Last Friday we had no drummer, after prayer we had one. In fact he was an unbeliever, so we pray he will be affected by what he heard.

The day was just the right temperature, and the rain which was forecast arrived, but not in Bath and particularly not in the Park. Whilst Steve Cattell was sharing his testimony a group of youths stopped and listened. Two people made a commitment, both came from Bristol. The group of musicians called Gospel Manna led by Susan Watt was excellent and she is coming again in July to lead the music. We estimate there was about 200 listening.

Please come along and bring your unsaved friends to hear Davy Falcus on Saturday 19 July. This man has an extremely powerful ministry and people are being healed and many saved. He has his own website which is well worth visiting <mailto:falcus@lakeshore.freeserve.co.uk>
He is staying overnight and will be ministering at a local venue on the Sunday.

If you want any more fliers please do not hesitate to contact me.

Yours in Jesus Service

Graham'
